## Substantial Amendments to the 2020 Annual Action Plan for HUD Care’s Act funding

Background: Tarrant County’s Annual Action Plan details the funding strategy for the Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), HOME Investment Partnership, and other emergency grants each year. These Annual Action Plans implement a jurisdiction’s Five-Year Consolidated Plan and are developed through significant public input, analyses, and planning. The County’s Citizen Participation Plan (CPP) describes the efforts that the County will take to encourage its residents to participate in developing these plans. It also provides requirements for public process when a “substantial amendment” to the Annual Action Plan is proposed.

The following changes constitute a substantial amendment and require public notice as described in the CPP, unless waived under a HUD Notice:

- Increases or decreases by the greater of \$100,000 or a 25% change in the amount allocated to a category of funding
- A significant change to an activity’s proposed beneficiaries or persons served
- Funding of a new activity not previously described in the Action Plan Proposed Substantial Amendment

**Public Process:** Tarrant County will publish a public notice in the Commercial Recorder as part of the CPP requirements. Unless waived, a public hearing will be held with each amendment required to provide opportunities for public comment during Tarrant County Commissioner’s Court.

**NOTE:** Waiver in HUD Notice CPD 21-08 F. 2. b. “ESG-CV funds ... are not subject to the consultation and citizen participation requirements that otherwise apply to the Emergency Solutions Grants program, including the requirements under 24 CFR 91.100, 91.105, 91.110, and 91.115. However, as required by the CARES Act, each recipient must publish how it has used and will use its allocation, at a minimum, on the Internet at the appropriate government website or through other electronic media.”

More federal funds have been targeted to that need therefore that program will be decreased to \$216,000. Additionally, \$700,000 was allocated for testing and potential upgrades to HVAC systems in local shelters. After testing, this was thankfully not found to be a need, therefore the remaining \$698,775 will also be reallocated.</p> <p>The reallocation of ESG-CV funds will include the following three (3) amendments to better expend funds where needed now. (1) Hazard pay has been recognized as a major need</p>

6. **Senior Nutrition Program** – Meals on Wheels \$325,000.00

7. **Mobile Food Pantry Program** – Tarrant Area Food Bank \$400,000.00

Public comments will be received on this amendment until February 1, 2022

A public hearing will be held at **10:00 a.m. on Tuesday, February 1, 2022** in the Tarrant County Administration Building, Fifth Floor, Commissioners Courtroom, 100 East Weatherford St., Fort Worth, TX 76196. No comments were received.

to recruit and maintain frontline shelter staff who are working directly to prevent, prepare for or respond to coronavirus among people who are experiencing homelessness. Salaried workers such as intake persons, overnight supervision, security, food servers, resident assistants, and childcare/children’s attendants would be eligible for an additional 20% of eligible employee’s hourly rate as hazard pay. The intention of this funding will be to assist in recruiting and maintaining basic shelter operations staff, frequently the lowest paid staff within the agency and those with the greatest likelihood of COVID contact with incoming clients/guests. \$609,000 is set aside to provide up to ten months of hazard pay for 6 emergency shelters serving this population. Only three (3) agencies accepted the Hazard Pay: Arlington Life Shelter, Presbyterian Night Shelter, SafeHaven of Tarrant County.

(2) Vaccination Incentives will be made available through public health and community partners at vaccination events targeting those experiencing homelessness. Cash payments of \$50 per dose will be given directly to people experiencing homelessness as an incentive to receive the coronavirus vaccine. Payments will be issued via pre-paid credit/debit cards or gift cards that are unrestricted (i.e., not limited to a specific use or a particular retailer). \$136,000 is set aside for at least 2,700 doses.

(3) With an increase of Delta variant, additional patients are being housed and assisted in the temporary COVID

		<p>shelter for homeless persons. Current spending for the existing Temporary Shelter indicates a financial cost of \$100,000 a month to operate, including rent of the space, medical contracts with JPS, food , laundry, and staffing. An additional \$170,000 will be reallocated to assist with these expenses.</p>
