* Countywide Polling Place location **Azle ISD Instructional Support Center** had 24 voters that were checked in as regular voters, however, a Provisional Standard Affidavit was completed for them and their voted ballots were placed in Provisional Envelopes by the Election Judge at that location. The “ePollbook Regular Checkin” (Column (A)) includes these 24 voters in the counts for that location. Since a Provisional Standard Affidavit was completed for these voters, the regular check-in for each of them is not reflected in the “Vemacs VR System Checkins” (Column (B)) counts for that location but were, instead, included in the “Vemacs VR System Checkins Provisional” counts (Column (H)) for that location.

This also, explains a portion (24 of the 36) of the “Discrepancy ePollbook Regular vs Verity Count” (Column (E)) difference.
