

Homeowner anti-mosquitoes checklist

- Unclog gutters
- Drain flowerpot dishes
- Apply Bti/methoprene (pesticide) to yard drains
- Dump plastic wading pools
- Dispose of unused tires or drill holes in them
- Turn wheelbarrow upside down
- Dump containers in yards
- Fill treeholes with sand or cement
- Check for leaky faucets and/or pipes
- Replace water in bird baths and animal dishes daily
- Place mosquito eating fish in ponds
- Check screens on windows and door for tears
- Keep vegetation trim to prevent adult resting
