

B. Partial exemptions. 2017 exemption amount or 2017 percentage exemption times 2016 value:	\$36,781,355
C. Value loss: Add A and B.	\$101,231,104
9. 2016 taxable value lost because property first qualified for agricultural appraisal (1-d or 1-d-1), timber appraisal, recreational/scenic appraisal or public access airport special appraisal in 2017. Use only properties that qualified in 2017 for the first time; do not use properties that qualified in 2016.	
A. 2016 market value:	\$0
B. 2017 productivity or special appraised value:	\$0
C. Value loss. Subtract B from A.	\$0
10. Total adjustments for lost value. Add Lines 7, 8C and 9C.	\$101,231,104
11. 2016 adjusted taxable value. Subtract Line 10 from Line 6.	\$21,447,958,887
12. Adjusted 2016 taxes. Multiply Line 4 by Line 11 and divide by \$100.	\$298,143,786
13. Taxes refunded for years preceding tax year 2016. Enter the amount of taxes refunded by the district for tax years preceding tax year 2016. Types of refunds include court decisions, corrections and payment errors. Do not include refunds for tax year 2016. This line applies only to tax years preceding tax year 2016.	\$963,043
14. Adjusted 2016 taxes with refunds. Add Lines 12 and 13.	\$299,106,829
15. Total 2017 taxable value on the 2017 certified appraisal roll today. This value includes only certified values and includes the total taxable value of homesteads with tax ceilings (will deduct in Line 17). These homesteads include homeowners age 65 or older or disabled.	\$25,011,102,949
A. Certified values only: ³	\$-0
B. Pollution control and energy storage exemption: Deduct the value of property exempted for the current tax year for the first time as pollution control or energy storage system property:	
C. Total value. Subtract B from A.	\$25,011,102,949
16. Total value of properties under protest or not included on certified appraisal roll.	
A. 2017 taxable value of properties under protest. The chief appraiser certifies a list of properties still under ARB protest. The list shows the appraisal district's value and the taxpayer's claimed value, if any, or an estimate of the value if the taxpayer wins. For each of the properties under protest, use the lowest of these values. Enter the total value.	\$854,174,866
B. 2017 value of properties not under protest or included on certified appraisal roll. The chief appraiser gives school districts a list of those taxable properties that the chief appraiser knows about, but are not included in the appraisal roll certification. These properties are not on the list of properties that are still under protest. On this list of properties, the chief appraiser includes the market value, appraised value and exemptions for the preceding year and a reasonable estimate of the market value, appraised value and exemptions for the current year. Use the lower market, appraised or taxable value (as appropriate). Enter the total value.	\$238,899,609

STEP 2: Rollback Tax Rate

Most school districts calculate a rollback tax rate that is split into two separate rates:

1. **Maintenance and Operations (M&O):** School districts must use the lesser amount of the following methods to calculate the M&O rate:
 - Four cents (\$0.04) PLUS current year's compression rate multiplied by \$1.50 (usually \$1) PLUS any additional cents approved by voters at a 2006 or subsequent rollback election; OR
 - Current year's compression rate multiplied by six cents (usually four cents) PLUS effective M&O rate which includes school formula funding calculations.⁶
2. **Debt:** The debt tax rate includes the debt service necessary to pay the school district's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

In most cases the rollback tax rate exceeds the effective tax rate, but occasionally decreases in a school district's debt service will cause the effective tax rate to be higher than the rollback tax rate.

Rollback Tax Rate Activity	Amount/Rate
25. Maintenance and operations (M&O) tax rate. Enter \$1.50 OR the 2005 adopted M&O rate if voters approved a rate higher than \$1.50.	\$1.500000/\$100
26. Multiply line 25 times 0.6667	\$1.000050/\$100
27. 2017 rollback M&O rate. Use the lesser of the M&O rate as calculated in Tax Code Section 26.08(n)(2)(A) and (B).	\$1.040050/\$100
28. Total 2017 debt to be paid with property tax revenue. Debt means the interest and principal that will be paid on debts that: (1) Are paid by property taxes, (2) Are secured by property taxes, (3) Are scheduled for payment over a period longer than one year, and (4) Are not classified in the school district's budget as M&O expenses A. Debt includes contractual payments to other school districts that have incurred debt on behalf of this school district, if those debts meet the four conditions above. Include only amounts that will be paid from property tax revenue. Do not include appraisal district budget payments. Enter debt amount: B. Subtract unencumbered fund amount used to reduce total debt. C. Subtract state aid received for paying principal and interest on debt for facilities through the existing debt allotment program and/or instructional facilities allotment program. D. Adjust debt: Subtract B and C from A.	\$84,095,429 \$6,247,541 \$0 \$77,847,888
29. Certified 2016 excess debt collections. Enter the amount certified by the collector.	\$0
30. Adjusted 2017 debt. Subtract line 29 from line 28D.	\$77,847,888
31. Certified 2017 anticipated collection rate. Enter the rate certified by the collector. If the rate is 100 percent or greater, enter 100 percent.	100.00%
32. 2017 debt adjusted for collections. Divide line 30 by line 31.	\$77,847,888
33. 2017 total taxable value. Enter amount on line 18.	\$23,685,729,886
34. 2017 debt tax rate. Divide line 32 by line 33 and multiply by \$100.	\$0.328669/\$100
35. 2017 rollback tax rate. Adds lines 27 and 34.	\$1.368719/\$100

STEP 3: Additional Rollback Protection for Pollution Control

A school district may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The school district's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The school district must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control. This step should only be completed by a school district that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

36. Certified expenses from the Texas Commission on Environmental Quality (TCEQ). ⁷ Enter the amount certified in the determination letter from TCEQ. The school district shall provide its tax assessor with a copy of the letter. ⁸	\$0
37. 2017 total taxable value. Enter the amount from line 33 of the Rollback Tax Rate Worksheet.	\$23,685,729,886
38. Additional rate for pollution control. Divide line 36 by line 37 and multiply by \$100.	\$0.000000/\$100
39. 2017 rollback tax rate, adjusted for pollution control. Add line 38 and line 35.	\$1.368719/\$100

STEP 4: Total Tax Rate

Indicate the applicable total tax rates as calculated above.

Effective tax rate (Line 23; or Line 24 for a school district with Tax Code Chapter 313 limitations)	\$1.293985
Rollback tax rate (Line 35)	\$1.368719
Rollback tax rate adjusted for pollution control (Line 39)	\$1.368719

STEP 5: School District Representative Name and Signature

Enter the name of the person preparing the tax rate as authorized by the school board.
